# 2027 Junior Accounting Theory Conference
## Call for Submissions

Dear Colleagues,

We are excited to announce the 2027 Junior Accounting Theory Conference, which will be held in-person on **Sunday, June 6, 2027**, at the Wharton School of the University of Pennsylvania in Philadelphia, Pennsylvania, immediately following the AES Annual Conference.

The conference aims to provide an opportunity for junior faculty and PhD students to exchange research ideas and stimulate new ideas and paths for theoretical accounting research. The conference has proven to be a great venue for early-stage work. We invite early-career researchers to submit working papers that incorporate formal theory, including papers that implement theory-based estimation to address accounting-related research questions. There is no specific conference theme, and we welcome working papers at all stages of the research process.

To submit a paper, please use the submission link. The submission deadline is **Feb 15, 2027**. We plan to announce the program in early April.

Please feel free to forward this call for papers to junior faculty or PhD students who might be interested. Let any of us know if you have any questions. We are looking forward to your submissions!

Regards,
The Organizers
